Operation Shoebox Leaders,

I'm currently deployed to Afghanistan and received a number of Operation Shoebox care packages over the past two months. I just wanted to take some time and thank you for what you do! The care packages are great for morale and have supplied myself and the soldiers I live with much needed toiletries and food. Patriotic Americans like yourselves and those you work with continue to motivate us to work hard and get the job done here. Thank you for your thoughtfulness and I hope all of you enjoyed your holiday seasons!

Very Respectfully,

Chris Choi
