Hello,

My name is Gabriel. Thank you for all of the things that you sent to us. I especially like the cookies, my favorite are the Samoas. I have a 10 year old daughter, named Breonna, that was a Girl Scout. I also really liked the flower that you sent me. It is really nice to have things from home while we are here. It is very hot and dry here, often getting up to 120 degrees during the day. I hope you are doing well and thank you again for all of your thoughtfulness.

Take care,

Gabe Barnes
