Rod,

As I came in today I had the first package from Operation Shoebox!! I cannot thank you enough for your support and I will definitely get some pictures out to you. The Marines and Sailors have been performing phenomenal out here and it is always a Morale booster to get some love from true Americans such as yourself and team. As time goes on it keeps us going with this type of support and tells our men and women that they are appreciated for what they do and stand for. Again I cannot thank you enough for bringing some Motivation to our Marines and Sailors

"Semper Fidelis"
