Mrs. Diane Wurdemann, WMPC Women's Association,

You have no idea what these care packages mean to us! We have not had AA or AAA batteries available to us at Camp Eggers for 6 months at least so it was a welcome thing to include..just great...the variety, the time, and the money it took your group to brighten my day was very much appreciated.

Going on 23 months total time here in Afghanistan so a little taste of home was just priceless on a Sunday in June when I am missing my two sons.

Just wonderful blessing to me today....can't believe I would tear up about a box from West Milford but I am.

Sincerely,

Lieutenant Colonel (Res) James Harper
