UNCLASSIFIED//FOR OFFICIAL USE ONLY

Sir, I am currently deployed in Afghanistan and I received one of your care packages today and even though I knew nothing of operation shoe box, it was very special to get a card and know that we are thought about by so many people back home that put their time and energy into a care package for us. There were four individual boxes within the box and I shared them each with my soldiers.

With all the sincerity in the world,

SSG Tashyana L. Martin
Afghanistan
